

Alice (Bates) Woods

October 28, 1860 - January 14, 1959

Mother of Albert Woods

This picture was taken in front of Aunt Jannie (Woods) and Uncle John's Vibber's home in Yuma, Colorado. Lena use to take her children to visit Great-Grandma Alice Woods . Great Uncle John had an old antique grinder in his yard. It had a seat to set on to work the pedals that made the grinder turn. We can remember us children taking turns playing on this old grinder. We even had a few skinned fingers, but this old grinder was sure fun to play with. Aunt Jannie would give us hore-hound candy. I can remember her fixing us great dinners and her food tasted oh so good. Grandma Woods had the most beautiful long pure white hair we had ever seen.
