NOTES:

1. The BLM General Land Office records land patent database shows two patents issued for the northwest quarter of section 24 and none for the southwest quarter. A copy of the 1912 homestead patent issued to Mary E (Meier) Zwirn is definitely for northwest quarter as shown on the map. Orville S Evans 1891 cash sale patent is shown in the southwest quarter pending better information.

2. According to the land patent database Andres Schneller's 1891 cash sale patent was for 160 acres split between the southwest quarter of section 6 and the southwest quarter of section 3. However the database shows that John Conley was issued an 1890 patent for the same land in section 3 and that there was never a patent issued for the east one-half of the southwest quarter in section 6. Pending better information, Schneller's 160 acre patent is shown for the entire quarter.
